Benefit Resource

Managing benefits to benefit YOU

The demand for benefits with flexibility and choice is growing rapidly. When you partner with Benefit Resource (BRI), you can rely on our commitment to innovative solutions, high-touch service, and expertise to provide you and your employees with peace of mind.

Help enhance your overall benefits administration and offering.

We offer administration of tax-free benefits programs including commuter benefits, flexible spending accounts (FSAs), health reimbursement accounts (HRAs), and health savings accounts (HSAs). BRI also provides administration of specialty (wellness) accounts, COBRA and direct billing services.

Simplify your administration and enrollment.

You will be assigned a one-on-one specialist who will work with you and keep you informed every step of the way during the implementation process and beyond. In addition, our in-person and web-based enrollment support, paired with our comprehensive enrollment materials and communication, ensure that all your employees' questions are answered.

Deliver a hassle-free experience for employees.

The Beniversal® Prepaid Mastercard® is an all-in-one card that delivers a simple experience for employees. A swipe (or scan via Apple Pay®, Google Pay®, or Samsung Pay®) of the Beniversal card at a qualified merchant pulls the right amount from the right account, virtually eliminating the need for reimbursements. Our alliance with Mastercard also assures wider acceptance and higher confidence for your employees with built-in ID theft protection.

Access tools to help streamline your benefit accounts.

To top off your streamlined administration experience, use our suite of resources: BRiMobile, BRiWeb and BRI Insights. The BRiMobile app gives your employees on-the-go access to account information, including transactions and monthly summaries. BRiWeb is the online portal you and your participants can use to securely manage your account(s) with BRI. BRI Insights is an affordable add-on decision support tool solution that guides your employees through making informed choices about their benefits and contributions.
